Two actual calls for men to be inducted by the armed forces are in the hands of Mrs. Isabelle Flynn, chief clerk. The Army wants 25 men, May 8, and the Navy has requested 21 men for May 9.

Set Date For Next Pickup Of Tin Cans

Tin is still among the most important item which the Salvage for Victory committee has been asked to rush into war production, according to R. L. Crane Jr., chairman. Another pickup is slated for May 1 through May 12 and public cooperation is asked.

Children of the Jefferson Elementary School district will act as collectors but any residents who fail to make connections with these small collectors are urged to patriotically take their tin to the school nearest their homes.

Cleaning, delabeling, and flattening are just as important now as they ever were if salvaged tin is to do the most good, the fastest, Crane reminded.

Cypress Circle Druids To Take Over At Club

During the week of April 30, Cypress Circle No. 14, U. A. O. D., will be in charge at the Daly City Servicemen's club, 6201 Mission street. Currently, Colma Vista Grande Aerie No. 1848, F. O. E., is host.

The dance, Saturday, April 22, was, as usual, successful, with special music being furnished by Fred Parodi, accordion, and E. Gomez, drums.

April birthdays were celebrated at the center with the cutting of two cakes, April 19.

There will be a dance, Saturday, April 29, for the boys.

A cash donation is made to the club each month by Mrs. Martha Wegner.

Here's a photograph of Daly City's new board of councilmen. Seated at the long table in back are Councilmen B. L. Meritt, Eugene V. Lynch, A. J. Gaggero, Howard McHugh, and Edward J. Dennis. In the foreground are Clerk B. C. Ross, City Attorney F. E. Hoffmann, and City Auditor C. E. Piatt. The picture was taken, April 18, at the reorganization meeting.

May 19 Is Date Of School Election

Friday, May 19, is the date for the election of both Jefferson Union High School and Jefferson Elementary School district trustees, according to the offices of both districts.

One trustee at large for three years is to be elected to the board of trustees for the high school. Likewise, in the elementary school election, only one trustee is to be selected.

Filing date for candidates has closed, it was revealed, this week. In Daly City polls will be open from 6 a. m. to 7 p. m. for both elections. Complete list of polling places and other details will be announced later.

Prepare Red Cross Letters For Mailing

Thousands of letters are being prepared for mailing to Daly City residents, this week, by Mrs. Joseph Conlon, chairman of the 1944 War Fund drive for the American Red Cross, and her capable, young assistants, the Daly City Girl Scouts. These letters carry a final appeal for donations to the War Fund, which is \$40,000 behind in San Mateo county. Although the franked envelopes enclosed in the letters are addressed to county headquarters at Burlingame, credit will go to Daly City for all donations from local residents.

Some response is expected from everyone receiving the letters. Those who did not give at all are asked to do so now. Those who gave but could afford to give more generously are asked to donate \$1 or more in this "mop-up" campaign.

Daly City has already raised more than \$4,000 for the War Fund but its quota was \$8,000. Officials of the Red Cross pointed out that most of the money goes for the convenience and aid of men in the armed forces and residents are urged to remember that "our boys are worth more than an extra dollar or two."

Change Date Of Boy Scout Meet To May 11

Date for the public conference on the Boy Scout program in Daly City and Colma has been changed from Tuesday, May 2, to Thursday, May 11, according to the committee on arrangements. The meeting will begin at 7:30 p. m. in the auditorium of Jefferson Union high school, and all those interested in boys of the community are urged to be present.

A film depicting Boy Scout activities will be shown as a highlight of the conference. L. Bond from San Francisco headquarters, Boy Scouts of America, will be principal speaker. There will also be a troop demonstration.

It is hoped to stimulate interest in what Boy Scouting has to offer youths of this area. Leaders are needed for all divisions of scouting. Parental cooperation will be sought and workers solicited at the coming conference, according to those who have whittled the meeting into shape: Tom Tallon, Daly City commissioner; Mel Battye, James G. Reardon, R. L. Crane Jr., Joseph Straughan, and R. E. Bennett.

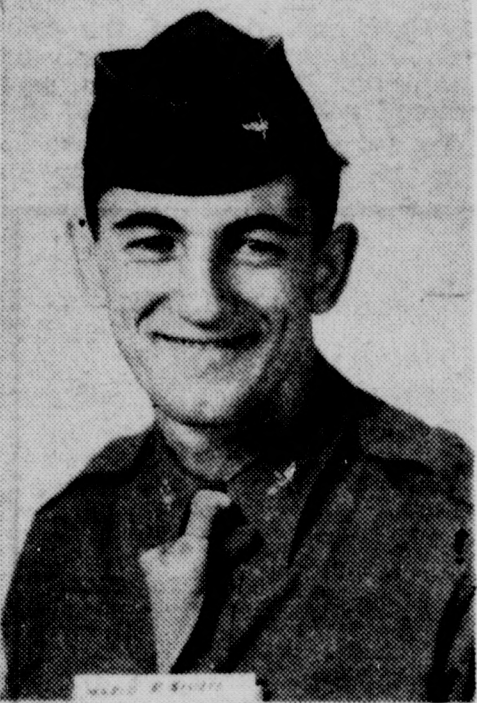

The Scouting program begins with Cubs at 9 years and includes Scouts, 12 to 15, and the senior grades from 15 up, such as Sea and Air Scouts.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Additional vital units of aerial combat crews of the Army Air Forces became available recently when Class 44-5 of the Advanced Navigation Group at Ellington field, Texas, received their commissions as second lieutenants and their silver wings as celestial observers.

The graduates included Lieutenant Mario R. Giusti, 20, son of Mr. and Mrs. Jack Giusti, 374 Woodrow street, Daly City. He attended St. Mary's college, 1940-43 where he captained both football and baseball teams.

On graduation, the navigators completed approximately a year of what has been acclaimed the finest training available in the world today, and by successfully

passing their courses are now rated as experts in celestial navigation and plotting of courses.

After short leaves, the navigators will receive further training in combat crew tactics and then be assigned to active duty.

Kenneth L. Christensen, Daly City, has received a promotion to sergeant at Alexandria Army Air field, Louisiana.

Reminds Public Of Firemen's Ball

Chief Andrew P. Chesney this week reminded the public that funds derived from the annual ball given by the Daly City Fire Department's Widows' and Orphans' association go to benefit the families of injured or deceased volunteer members. For this reason he asks public support for the event.

This year the ball is named "Victory Bond Dance" and will be held, Saturday evening, May 6, at Lovchen gardens, Colma. Johnny Dell's union orchestra will play for dancing and a gala evening of entertainment and fun is assured for those attending.

Already the first order of tickets has been sold out and more had to be printed. These may be secured from any member of the fire department.

Baseball Games Rained Out Sunday

Baseball games at Marchbank park, Sunday, April 23, were rained out, with the first game being called due to the wet condition of the playing field. Scheduled games between the Daly City Juniors and South San Francisco Blues, and the Owl Drugs and Bay Meadows, will probably be played at a later date.

Director Charles Norry reports that attendance at his Saturday afternoon program of games for boys at the park is steadily increasing, with 84 turning out last week. He divided the boys into four teams, with everyone getting a chance to play.

On the same day, the Daly City Cubs took their first loss at the hands of the Amazon Boys' club, who won, 7 to 4, in a close contest. The Cub Juniors beat a team from the Holy Angels church, Colma, 4 to 2.

The program for Sunday, April 30, will match the Daly City Juniors against the Sherry Bees at 11 o'clock, and the Longshoremen against Simmons company at 2:30 p. m.

Daly City Women Discuss Girl Scouting

Twenty-six scout leaders, assistants, general and troop committee members were present at the special meeting on Girl Scouting held Monday evening, April 24, at the home of Mrs. Betty Eschenauer, 161 Miriam street. The advisability of starting a local council was discussed. It was decided to keep a general committee for the present but to supplement it with additional members.

As many of those present at the Monday meeting as possible will attend today's session to meet the national Girl Scout director, Mrs. Paul Rittenhouse, at Hillsborough. Those who cannot attend this meeting down the Peninsula will attend a San Francisco meeting for the same purpose, Friday, April 28.

Possibility of starting a new Brownie pack and troop in the Colma area was studied and hinges upon finding an adequate meeting place for the proposed groups.

New leaders and workers in all phases of Girl Scouting are needed. A meeting will be held the fourth Monday of every month to advance the Girl Scout program for this community.

At the close of the business meeting, Monday evening, Mrs. Eschenauer served refreshments to the ladies present.

Mayor Releases List Of Committees

Three resolutions were adopted, committees were appointed, and a large amount of routine business was transacted when the reorganized city council met, Monday night, April 24, for their first regular session following the special April 18 meeting to seat the new members of the board, B. L. Meritt and Edward J. Dennis.

Mayor A. J. Gaggero presided and all members of the council were present. City officials in attendance were Clerk B. C. Ross, Engineer R. A. Klassen, Attorney F. E. Hoffmann, Fire Chief Andrew P. Chesney, Building Inspector Arthur J. Bodien, Deputy Health Officer Fred Collins, Police Chief James G. Reardon. The meeting hall, while not jam-packed as it was for the reorganization meeting, contained many more spectators than usual.

When the minutes of the preceding official meetings were read one set revealed a special meeting had been held, April 20, to order the purchase of two Ford automobiles for the use of the Daly City Police department. Two of the department's fleet were traded in on the new vehicles, which were to be secured from the Maggini Motor company. The special session was called by Mayor Gaggero, according to the minutes.

Cub Pack No. 141 requested the use of the second level of Marchbank park for their Pack-A-See, May 20. Councilman Dennis moved that the request be granted and the motion was passed unanimously. A request to have the curb in front of No. 9 and No. 11 Hillcrest drive set aside as a cab parking stand for the Daly City Cab company was referred to the transportation committee for study.

An application from Fire Chief Andrew P. Chesney for a position as building inspector was read and placed on file. A letter from the Pacific Gas and Electric company was read which reported that by burning the street lights 7 1/2 minutes longer during the months of April, May, and June the dark period could be eliminated. No action was taken on the report. A letter from the Five Township Clubs of San Mateo county, signed by Allan B. Gould, was read and referred to new business. Gasoline consumption and poundmas-

Well, It's All In A Day's Work!

Such interesting things happen to policemen! Last Thursday, April 20, the local department was devoting its attention to the preservation of law and order. Nothing was further from their minds than playing cowboy but just the same that's how they spent the morning.

It all started at 8:02 a. m. when Mrs. Ponitz at 100 Peoria street phoned in to report that a cow was out in front of her house walking up and down the street. Police Chief James G. Reardon and Officer George Hopman responded and chased the cow out of the city limits. Doubtless mentally dusting their hands off with a "well that's that" they returned to headquarters in the city hall.

At 11:15 a. m., however, the Cut 'N Kurl Beauty salon, 6654 Mission street, called to report TWO cows walking along Mission street. More wandering bovine visitors were sighted about that time on Vista Grande, Los Olivos, Bellevue, and Alexander avenues. Officer Hopman and Poundmaster Archie Banfield chased them out of town. They're probably back at the dairy this very minute, ruminantly reminiscing about the day they spent in Daly City!

When fire broke out in a pigeon house at the rear of 560 Hanover street at 4:30 p. m., April 22, Company No. 1 and Company No. 4 D. C. F. D., responded, as did Officers Henry Sunder-

They also had word of him when George Shinazy, local Merchant Marine, met him in the South Pacific. Both boys are graduates of Jefferson Union high school.

"The Desert Song" Comes To Daly City Theatre Tonight For Three-Day Showing

Opening at the Daly City theatre, tonight, is the much-awaited film version of that perennial stage favorite, "The Desert Song." Warner brothers, the first of the film companies to bring musicals to the screen, has apparently outdone itself in this production.

Filmed in gorgeous Technicolor, this completely modernized version leans heavily on current history for its plot. The vivid story, told against a background of beauty and romance, tells of a young, itinerant musician, Paul Hudson, who, in the guise of El

Khobar, makes daring and spectacular efforts to free the down-trodden Riff slave labor from the ruthless oppression of the Nazis.

Interwoven into the plot is the beautiful love story of Paul and the lovely Margot, a French cafe singer who loves him for his courage and unselfishness.

The story reaches its climax when Paul, discovered by the authorities as El Khobar, makes his getaway through the efforts of his friend, Johnny Walsh (Lynne Overman), an American newspaper reporter. Later he opens the eyes of Colonel Fontaine to the treachery of Caid Yousseff (Victor Francen), and proves by documentary evidence that the Caid is in the employ of the Nazis. Fontaine makes amends by being instrumental in securing the freedom and rights of the Riffs.

Dennis Morgan and Irene Manning are starred as Paul and Margot, and lend new beauty to the familiar Romberg tunes in their renditions of them. In the featured cast are Bruce Cabot, Gene Lockhart and Faye Emerson.

MARRIAGE LICENSE

A marriage license was issued, last week, in San Mateo county to Frank J. Torres, 29, and Miranda L. Simonini, 23, both of Daly City.

PUBLIC SCHOOLS WEEK

Among the special weeks of the year few, if any, are more worthy of recognition than Public Schools Week which is now being observed.

This "week" was first inaugurated back in 1920, when the critical problems facing California schools threatened serious impairment to our public schools system. The keen public interest aroused at that time played an important part in overcoming the crisis and in prompting states throughout the nation to set aside a similar observance.

In the years since 1920, American parents have taken an increasing interest in our public schools. They have come to appreciate the fact that these schools are one of the most vital factors in the life of the child. They are now aware that only through complete co-operation with school authorities can the full benefits of public school training be realized.

America's future is being molded in the public schools today. There the ideas and ideals of a free democracy are being inculcated in the hearts of our youth. In the past decade we have seen the power of ideas in shaping the actions of men. Too many of these ideas have been on the destructive side. Our schools must serve to develop those enlightened and constructive thoughts that will make for a better nation and a better world.

Today many of our teachers and teen-age pupils have left school to take advantage of lucrative war jobs. Although their work is contributing to the war effort, the danger is that our school system will be so weakened that the nation will lose more than it temporarily gains by the war work of these individuals.

We must remember that only by maintaining the high standards of our public schools can we maintain the high standards of our democracy.

FIRST OBJECTIVES FIRST

In spite of the fact that the issue of post-war planning loomed large in the recently concluded municipal campaign for council posts, the main objective of municipal administration remains the same as it has always been: to promote the best interests of the citizens, as far as financial resources permit.

This basic concept pretty well covers the role of city councilmen, whether they are thinking in terms of today or the post-war era. Their task is not a simple one and residents would do well to realize that improvement can best be made when small groups do not try to "pressure" the council into action not of benefit to the city as a whole. The work of city government is vast in scope and difficult.

Now that we have a reorganized council, let's not expect either miracles or failures. As voters we have only the right to ask that the city's business be done intelligently, honestly, and with reasonable promptness.

City government is more of a business proposition than many people realize. Its principal work has to do with the voting of appropriations, the appointment of officials, the employment of labor, the awarding of contracts, the purchase of supplies, and other business functions which ought not to be performed in a political or partisan spirit nor in secret sessions.

We shall expect our council to conduct city government on a business-like basis, display foresight as to planning, and to remember that the city's work is social as well as economic. They have a right to expect of us that we grasp the problem they are up against and encourage them to take the "long view" rather than that of present expediency.

Be Sure To Mail Right Sugar Stamp

Housewives making application by mail to local OPA boards for canning sugar were warned, Monday, to enclose SPARE stamp 37 from Ration Book Four and not the regular sugar stamp of the same number.

Many boards have reported that some early applicants have attached the wrong stamp in submitting requests for canning sugar.

The use of spare stamp 37 from War Ration Book Four for purposes of identification makes it unnecessary to send ration books through the mails. This stamp

Miss Frances Davis Bride Of Lieut. Gamble

Miss Frances Davis, daughter of Mr. and Mrs. James Davis, 454 Winchester street, became the bride of Lieutenant Robert M. Gamble, U. S. Army Air Corps, at a pretty church wedding in Calvary Baptist church, Tuesday evening, April 18. She was given away by her father at the ceremony performed by Reverend Gilbert Bellshaw.

The bride, a graduate of Jefferson Union high school, wore a white satin gown with a fingertip veil and carried a bouquet of white iris. Her matron of honor was her sister, Mrs. Doris Perasso, who wore pink chiffon and carried pink and white sweet peas. Bridesmaids were Miss Betty Davis, whose gown was aqua taffeta; Miss Beverly Davis, in blue taffeta; Miss Pat Lloyd, in blue taffeta. All three bridesmaids had bouquets of pink sweet peas.

The groom, son of Mr. and Mrs. G. W. Gamble, San Francisco, was attended by Walter Gamble, his brother, as best man; Bud Gamble, John Bellshaw, and James Olson.

Soloists were Miss Pat Cameron and Mrs. Dorothy Tanner. Miss Cameron also played the wedding march for the ceremony.

After the ceremony, a reception was held at the church.

The couple left, this week, for Louisiana.

must be attached to the application form for each person applying for canning sugar.

Persons who send regular sugar stamp 37 in as identification will lose the use of this stamp for it becomes invalid when torn from the ration book. Spare stamp 37 has the word "spare" printed on the face.

READING & WRITING

BY Edwin Saver and Robin McKinn

Most Americans have a secret nostalgia for the frontier, for elbow room and to spare. Perhaps that's one reason for the enormous popularity of Mary O'Hara's novels, "My Friend Flicka" and "Thunderhead." "The open prairie; the calm blue days; the wildness of the plains" of the Wyoming ranch where her stories are set, are pretty hard to resist. These two novels, illustrated by John Steuart Curry, will soon reach several hundred thousand new readers as a "dividend" book of the Book-of-the-Month Club.

"My Friend Flicka" and "Thunderhead" form one continuous story. Essentially, it might be called a love story. It is not a story of family love, although Miss O'Hara has portrayed beautifully the warm and purposeful life shared by Rob and Nell McLaughlin, who run the ranch, and their two sons, Ken and Howard. This is the love story of a boy and a horse, not any boy and any horse, but a particularly sensitive boy capable of an enduring love, and his own, his very own, colt.

Miss O'Hara has the true story-teller's gift. Perhaps this is why the motion picture version of "My Friend Flicka" was one of the most successful films of its kind, and "Thunderhead" promises to be a worthy successor in its forthcoming screen version.

Mary O'Hara, the daughter of an Episcopal clergyman, was born in Brooklyn Heights. Her first love was music; she studied the violin in London and in Italy. Later, she interrupted a successful writing career in Hollywood, to run a dairy-ranch singlehanded.

She now lives on a ranch in Wyoming.

When the world famous singer, Marian Anderson, was a child, she once sang before a well-to-do fraternal group, and asked for, and got, a \$10 fee, instead of the customary \$5. Afterwards, the chairman of the committee said to her mother, "That girl of yours is going to make money out of singing. I wouldn't be surprised if some day she made \$50 a concert." "Of course," her mother says, "we all knew he was crazy."—From "Thirteen Against The Odds" by Edwin R. Embree.

At 6:45 p. m., April 22, E. Baccio, 1801 Junipero Serra boulevard, reported that his 1929 Nash had been stolen from in front of his home. Local police broadcast the theft and Tuesday, April 25, the San Francisco Police department notified the Daly City department that the car had been recovered in the Taraval district.

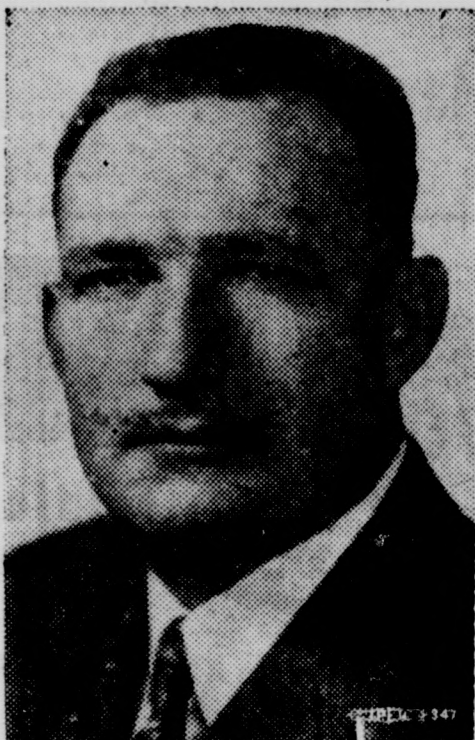

At 3 a. m., April 23, Cliff Pettigrew, 49 Hillcrest drive, stopped Officers Roland A. Petrocchi and Roy Beecher to notify them that someone had taken a 1936 Ford transmission from his place of business.

Officer Walter Davis extinguished a blaze occasioned when the grill at Central Creamery, 6331 Mission street, caught on fire, April 25 at 12:45 a. m. He used the extinguisher from Edwards Drug store and had the fire out before Companies No. 1, No. 3, and No. 4 arrived. Officers Petrocchi and Beecher also responded.

Officer George Savage, using an extinguisher from Peter's restaurant, put out a fire in a Market Street Railway car, April 25, 10 a. m. The car was on Mission street at Knowles avenue.

EDUCATION ON WHEELS

WHEN Johnny has thrilled to the last lines of Tom Sawyer or Huckleberry Finn and when Jane has lived through exciting experiences of Anne of Green Gables, all they need to do to get more literature is stroll down to the corner, take a street car, return their books and select others as they ride back home. This is the system which has proven such a profitable and popular innovation in the city of Edmonton, Alberta. Thousands of books are thus circulated weekly among the young, and sometimes

older, folk in Edmonton.

Because it is the "jumping off" centre for the Alaskan Highway, the population has zoomed since pre-war years, much of it due to an influx of United States soldiers, workmen and their families.

To meet the growing demand for books, educational authorities have hit upon this novel method of distribution. Above is shown a group of youngsters inside the ambulating library exchanging books and below, another group boarding the "educated street car."

Collector Reminds Of Apr. 30 Deadline

Social Security and Withholding Tax Returns must be filed by April 30. Collector of Internal Revenue Harold A. Berliner in San Francisco, today reminded employers.

The collector also pointed out that Social Security Tax still remained at one per cent, Congress having passed a bill eliminating the scheduled raise in Social Security Tax rates.

Withholding and Social Security Tax forms have been mailed to all employers of record. Forms may be obtained at the nearest Internal Revenue office.

The collector also urged that both Social Security and Withholding Tax Returns be filed as soon as possible to expedite processing and recording.

Studebaker Champion a money-saver says Civil Air Patrol pilot

THE SAFEST

THE WORLD

"MY 1940 Studebaker Champion has traveled more than 110,000 tough miles," reports Civil Air Patrol pilot Lieutenant J. E. McGuigan of Squadron 3 who is employed by Universal Studios of St. Paul, Minnesota.

"I average 25 miles to the gallon and my original tires stood up well over 60,000 miles. Of all the cars I've owned, this Champion is easily the most satisfactory and economical."

From coast to coast, it's the same story these war days—tires last longer, gas goes further, repairs are required less frequently in a Studebaker, thanks to advanced engineering principles and quality materials and craftsmanship.

POLITICAL NEWS

William Bonelli

William G. Bonelli, candidate for United States Senator, has received the endorsement of the Southern California Business Men's association which comprises more than twenty powerful groups and organizations in Southern California, Edward D. deStaute, association president, has announced.

Recognition of Bonelli's thirteen years of public service, his World War I record as an aviator, his educational background and practical experience as a cattle rancher, businessman and public official is given in the endorsement. Bonelli has, according to the endorsement, "an unshakable belief in the needs of preserving free enterprise and restoring constitutional government in these United States. He is a recognized authority on taxation and public finance and has the qualifications to render outstanding service in solving the problems of postwar taxation and public debt."

As a member of the State Board of Equalization for the last six years, Bonelli has had personal contact with thousands of members in the powerful organization which has given him its endorsement as a result of his record for economical administration of the state sales tax, a \$200,000,000 per year state business.

Frederick Houser

Assemblyman Albert C. Woltenberg, today joined with more than a score of leading members of the California Legislature in endorsing Lieutenant Governor Frederick F. Houser, candidate for United States Senator.

Commenting on the success of the Houser campaign, which has been given momentum by the recent endorsement of the California Republican assembly, he said: "As a member of the California Legislature, I recognize the vital importance of our State having adequate, unbiased and forceful representation in the United States Senate."

"No ordinary politician can be expected to cope with the difficult problems; the successful prosecution of the war effort, the writing of the peace and the post-war complexities which lie ahead."

"California will need alert, intelligent and capable representation if her industries, her farms and her great natural resources of the mines, the oil fields and the forests are to be protected—if jobs are to be made available for our people now engaged in the war effort, and for our returning servicemen."

Jack Anderson

John Z. (Jack) Anderson has been endorsed as a candidate for re-election to Congress by the Santa Cruz County Farm bureau, it was, this week, announced by Anderson's headquarters.

The resolution, made at a recent meeting of the bureau, lauded Anderson for his outstanding accomplishments in the farmer's behalf. It was pointed out that, "The depression and the war have placed heavy burdens on the farmer and created problems incapable of solution by him alone," and went on to say:

"Throughout this time, our need for a conscientious, hard-working representative in Congress was great. It was our good fortune to have you. Repeatedly we have called on you for assistance; invariably, you have given it promptly, with unequalled will and satisfying results. We do appreciate your service. We do want you as our Congressman."

Johnson Speaks In Daly City Tonight

Arthur L. Johnson, candidate for Congress from the Eighth district, will speak tonight in Daly City at Little Italy hall, 6229A Mission street, according to the local club seeking his election. The public is invited to attend and the meeting will begin at 8 p. m.

The Arthur L. Johnson For Congress club has opened campaign headquarters at 6283 Mission street, where literature may be secured about the candidate.

Veterans' Bill

Enactment of the American Legion's omnibus veterans' bill now pending in Congress will affect vitally an estimated 1200 residents of this community, declared Commander John J. Derungs, of Daly City Post No. 410 here today in commenting on this legislation hailed as the "G. I. Bill of Rights."

Commander Derungs pointed out that 480 men and women from Daly City are serving in the armed forces today whose future welfare will be materially shaped by this measure.

"Multiply this figure by the number of their dependents, such as parents, wives and children, using the conservative family ratio of 2 1-2 per individual, and you have the total number of residents of this community to whom this legislation will be of inestimable aid," Derungs said.

The American Legion measure sets up a master plan for dealing with the whole veterans' problem of this war. It would unify all government functions for veterans under the U. S. Veterans Administration, simplify procedure by eliminating red tape, and assure fairness for both the veterans and the taxpayers, the Legion head stated. Into this bill the Legion has written the lessons of its 25 years of experience in dealing with every problem of rehabilitating ex-service men and women.

"At present more than a dozen government agencies are competing with each other for the honor of serving the returning veterans," Commander Derungs said. "The result is a lot of confusion, overlapping services, red tape which delays settlement of disability claims, divided responsibility, and too often outright neglect of the veteran who needs prompt and adequate care quickly. The Legion legislation would remedy all that. It would replace chaos with system, and red tape with sympathetic and intelligent efficiency."

Every citizen of Daly City is urged by local Legionnaires to support The American Legion omnibus bill. It is known as H. R. 3917 and Senate Bill 1617.

"Our returning fighting men and women must be given a square deal," Commander John J. Derungs emphasized. "I think every good American agrees with that. It is high time that this country organized its plans for demobilization day. We must do it now, because already thousands of members of the armed forces are being discharged each month."

"The Legion made a 24-hour telegraphic survey of 34 states early in December to see how the disabled men and women who already have been discharged are faring. That survey disclosed shocking conditions. In 1,537 cases reported by telegraph, delays ranged from three to eleven months in the settlements of disability claims, forcing many of these men and women, some of them wounded on the fields of battle, on public or private charity."

"By supporting the Legion measure, our citizens can best show their appreciation of the sacrifices of our soldiers and sailors. This

is no political legislation. It is the Legion's measure, a bill by old veterans for the young veterans for the best good of the country."

MAIN LINE of POWER in Northern California

the PIT

TRANSMISSION LINES DELIVER POWER FROM ELEVEN MIGHTY GENERATORS

Serving as a giant conveyor belt, the copper cables of the 250-mile Pit River transmission lines swing down the Sacramento valley to deliver energy of nearly half-million horses to war busy Northern California. Tied into the interconnected power system of this company, Pit power has been one of the main reasons why electricity here has never been rationed nor has it ever failed to meet heavy wartime demand.

The Pit River development was begun by P. G. and E. some twenty years ago with two generators. Today there are seven generators in service day and night. Soon four more giant generators of the new Pit 5 powerhouse will be connected into the Pit transmission lines. These eleven mighty generators are evidence of the steadfast policy of this company to bring the advantages of electric service to the greatest number of people at the lowest possible rates. By constantly improving its service and adding to its supply of electric energy, the P. G. and E. is a dependable and active partner in the upbuilding of California.

CURRENT FASHIONS

Down to Earth

DIGGING DUDS for gardening chosen by CBS actress Charlotte ("The Goldbergs") Keane, prove that styles need not be stodgy to be practical. Comfortably cut, faded blue denim long-shorts and a gaily striped cotton shirt allow plenty of action. Even the stitched navy sun bonnet is washable. (From Jas. McCreery & Co., New York.)

Seasoned Navy

SCARFS come into prominence this spring with the popularity of the collarless coat. Softening the tailored expression of a fitted navy reefer, CBS actress Sarah ("Mrs. Miniver") Burton selects a soft red ascot to match the shade outlining unique pockets and revers. Like a feathered punctuation mark, the trim of her shiny navy sailor repeats the eye-catching color.

Mrs. America Meets The War - -

The Office of Price Administration is "cooking with gas" now that specific dollars and cents ceiling prices have been established on all used gas cooking ranges. According to estimates, half the families in the United States use gas for cooking, and the new ceilings will protect consumers from paying exorbitant prices for the dwindling supply of used ranges. OPA ceiling prices apply to all gas cooking ranges, whether they are sold by dealers or by individuals. Any specific information on prices may be obtained from the price clerk of local OPA boards.

To market, to market, goes Mrs. America with her own shopping bag if she wants to help out in the shortage of paper. The War Production Board predicts a real shortage of store bags and wrapping paper during the next few months. The WPB anticipates that one new bag or piece of wrapping paper must do the work of three or four because of the cut in allocation of pulp for the manufacture of these items. So more than likely Mrs. America will be drawing out her shopping bag to save wrappings.

Mrs. America is urged to send more and more waste fats from the frying pan to the firing line by turning in salvaged household fats to retail meat dealers. A shortage of industrial fats used in the making of glycerine which goes into gunpowder, as well as for many other vital war products continues despite an improvement in the supply of edible fats. Mrs. America will continue to receive two red points and four cents per pound for all used kitchen fats which she salvages for Uncle Sam.

Onions may all have the same smell, but there's a difference when it comes to the shapes and to price control, for scallions with full green tops and no shape are not covered by OPA ceiling prices. The larger more bulbous onions with dry skins are. And thereby hangs a tale. For some dealers are attempting to evade the price regulation and take advantage of a shortage of dry onions. OPA charges that in some instances dry onions which have a short green top are being offered over the ceiling under the pretense of being green onions. However, the OPA has decreed that an onion must have a full green top and have not the slightest shape to be classified as a green onion and be uncontrolled as to price.

Jack Anderson On Radio April 29

In a broadcast from Washington over KQW, Saturday evening, April 29, at 6 o'clock, Congressman John Z. (Jack) Anderson will enumerate the measures enacted and contemplated for the benefit of the men and women in the country's armed services.

An imposing list of bills already have been passed and serious attention is being given to plans to insure the proper placement of discharged veterans in jobs in private industry when peace comes. Congressman Anderson has submitted a plan to the War and Navy departments which would set up a personnel placement bureau directly within the jurisdiction of the services themselves. From both departments Anderson reports that he has received a gratifying response and work on the details of the plan is now in progress.

Julia gives
9 ideas for the re-
freshment of homes

SPRING housecleaning? Of course it can be a nuisance! But it doesn't have to be, as I've discovered long ago. There are dozens of ways to "cut corners" and still do a very thorough job of it (I find some new ways every spring). Let me suggest a few of them:

FLOORS

Floors which are of non-waxed wood need a good bath of soapy water, and then a rinsing with clear water—but if a little furniture polish is added to the rinsing water, cleanliness is improved by real shininess! (Work with the grain of the wood, of course.)

WOODWORK

Wash painted or varnished woodwork with a paste made of mild soap powders and water, then rinse thoroughly with luke-warm water. But remember: wash only a small space at one time, and rub it until dry.

CEILINGS

When you find cobwebs in the corner, up there in the closet, wrap a clean cloth around the business end of a broom and lift them away (if they're brushed into the ceilings and walls, too bad!).

FURNITURE

When hot dishes have been rested on the varnished surface of furniture, leaving white marks, those marks should be rubbed with a damp cloth, seasoned with a few drops of ammonia; then waxed and polished. But do the rubbing and polishing gently, and with the grain.

If piano keys have become yellowed, wipe them with a cloth dipped in alcohol, or with flannel dipped in cologne.

WINDOWS

Are your windows murky with winter film? Then take a cloth wrung out in equal portions of water and vinegar—that takes off the murk. To achieve really clear vision, polish the windows with a generous pad of newspaper, which leaves no lint.

Speaking of windows, how are your sills? It doesn't take a minute to wash them, both inside and out—and a good waxing is insurance against their ageing prematurely.

WALLS

The walls of a kitchen or bathroom or children's bedroom—almost any set of walls—may need re-doing these days. Why not refresh them with one of the handy new one-coat paints? Simple to apply (but be sure to read the directions before deciding what to use).

IN GENERAL

Ever notice (back in pre-war days) how swiftly and efficiently the hotel maids cleaned rooms? One reason: they carried all their tools, liquids, etc., with them in a handy basket. There's an idea—saves running back and forth for this and that... makes the job easier!

The Importance Of Breakfast

By BETTY BARCLAY

Does your breakfast consist of buns and coffee? Toast and tea? If so, you are one of the "most" which Government authorities claim do not eat an adequate breakfast.

About one-fourth of our daily nourishment should be obtained at the breakfast table—even more if you are one of the millions of war workers who eat lightly at lunch. A substantial breakfast helps carry you through the work period, and such a breakfast is an essential. It's not a luxury; it's a necessity.

Start with fruit or fruit juice. Then use a nourishing hot or ready-to-eat cereal with plenty of milk. From there on, you can vary your breakfasts as you wish, with eggs in various forms or other favorite breakfast combinations. Here's a sample menu and some cereal recipes that will give you ideas for the type of breakfast needed today.

MENU

Grape-Nuts Flakes with Sliced Bananas
Milk or Cream
French Toast Log Cabin Syrup
Beverage

Crispy Baked Eggs
1 tablespoon melted butter
2 cups corn flakes
6 eggs
½ teaspoon salt
Dash of pepper

Pour butter over cereal and toss lightly to distribute butter evenly. Arrange cereal to form a nest in each section of large cup-cake pan. Break eggs carefully, slipping one into each nest. Sprinkle with salt and pepper. Bake in slow oven (325° F.) 30 minutes, or until eggs are firm. To serve, loosen with

knife and lift out gently onto plate. This may also be baked in greased shallow baking dish. Place cereal in bottom of pan; make 6 depressions; and break an egg into each. Serve with bacon or ham. Makes 6 servings.

Orange Muffins

2 cups sifted flour
3 teaspoons double-acting baking powder
½ cup sugar
½ teaspoon salt
2 eggs, well beaten
¾ cup orange juice
1 tablespoon grated orange rind
2 tablespoons melted butter or other shortening
1 cup Grape-Nuts

Sift flour once, measure, add baking powder, sugar, and salt, and sift again. Combine eggs, orange juice and rind, and shortening; add to flour mixture, beating only enough to dampen all flour. Add cereal. Bake in greased muffin pans in hot oven (425° F.) 20 to 25 minutes. Makes 12 large muffins.

Fried Wheat-Meal

½ teaspoon salt
2½ cups boiling water
¾ cup wheat-meal

Add salt to boiling water in saucepan. Add cereal slowly, stirring constantly. Bring again to a boil and cook 3 minutes, stirring constantly. Pour into cold wet mold. Let stand overnight or until thoroughly cold and firm. Turn from pan, slice in ½-inch slices, and sauté in small amount of butter, bacon fat, or other fat, turning to brown both sides. Serve with maple-flavored syrup. Serves 6. Leftover cooked wheat-meal may be used in this way.

NEW BABIES

Local couples receiving the congratulations of friends and relatives upon the arrival of new babies include: Mr. and Mrs. Elvys B. Sawyers, 293 Flournoy street, a daughter born, April 11; Mr. and Mrs. George Parsons, Daly City, a daughter, April 12; Mr. and Mrs. Robert C. Allen, 272 Hillcrest drive, a son, April 9; Mr. and Mrs. Paul J. Hughes, Daly City, a son, April 16; Mr. and Mrs. Howard E. Nelsen, Daly City, a son, April 16.

News From District Grammar Schools

AT JEFFERSON

Last week, Paul Willbanks in the seventh grade at Jefferson elementary learned from personal experience the great value of the first aid knowledge he has acquired in his classroom.

When Paul and his two companions started off for a hike, they were accompanied by Tim, Paul's pet dog. As usual Tim ran ahead of the boys, sometimes getting out of sight and then quickly reappearing.

One interval was so long that Paul whistled loudly for his dog, then stopped and looked carefully around. He saw his beloved Tim slowly coming out of a clump of brambles. The dog was limping and as he came closer, Paul saw that his foot was cut and bleeding severely, indicating that an artery had been cut. Paul proceeded immediately to give his dog first aid care.

With the assistance of his pals, Paul tried to apply digital pressure but the dog yelled from the pain. He then made a tourniquet from a handkerchief and successfully applied it. With further assistance an improvised stretcher was made from two coats and branches from nearby trees and Tim was carried home.

Later in the day Tim was taken to a veterinarian who gave him necessary medical care.

In connection with their social studies the seventh and eighth grades have enjoyed three unusually fine motion pictures with sound and technicolor, last week. They were "Our Constitution," "The Man Without a Country," and "New Dawn in an Ancient Forest."

The clever group of Tom Sawyer character sketches in the art corner of the sixth grade room is one of the outcomes of their weekly book review. After a class discussion of the book, each child selected a favorite character, wrote a short description and then made a sketch of it. The pictures show an amazing range of variety, originality and charm.

AT WOODROW

In correlation with their unit of work in civics, the pupils of Room 5 enjoyed a film, last Monday afternoon, entitled "Our Constitution."

Room 4 viewed a very interesting film entitled "The Dawn of an Ancient Forest." The setting of the film was Big Basin in the Santa Cruz mountains area. How boys used their summer vacations in making fire trails and making dams to prevent soil erosion were featured in the film.

The pupils of Room 8 saw an excellent film, last week, entitled "Men and Oil." Scenes from a motion picture entitled "High, Wide and Handsome," starring Irene Dunne and Randolph Scott, were put together to show the beginning of the oil industry in Titusville, Pennsylvania. It was enjoyed very much.

Room 9 enjoyed seeing the Sugar Pine cone and Redwood burr that Leslie Nicolini brought to school. In the reading lesson the pupils learned how to identify the Pine cone from the Redwood cone.

Room 12 saw a very interesting film "Men and Oil." From this picture pupils learned how oil wells were first brought in, and how pipe lines were built to bring the oil to distant cities.

New chairmen of reports for the week are Adonna Dean, Francine Kraus and Bernardo Merino. Room 15 had a very interesting sound film on "Kentucky Pioneers."

Several of the children in Room 14 have made reports on the gold mining period in California. Ray Ricks, Robert Welnick, and Dixie Schulteis gave interesting talks on early San Francisco and on the life of historic figures in the early history of California.

AT JEFFERSON UNION HIGH SCHOOL

By Verna Moresco

J. N. S.

Sunday, April 16, members of the Jefferson Naturalist society were thinking of missing the bus so they could stay for another day. The two days spent at the San Mateo Memorial park were very enjoyable.

Ed Boyle, Virginia Bhend, Barbara Blecher, Beverly Clement, Harlan Kinsey, Art MacDonald, Verna Moresco, Dot Nelson, Ben Picetti, Peter Ramer, Alice Smith, Deloris Thomas, Paul Underhill, and Mr. and Mrs. John Harville and son Tommy were on the trip.

The first day started badly, with rain early Saturday morning.

Peter Ramer and Ben Picetti discovered lampreys building nests. Four of the seven different types of salamanders found in California were discovered by the members.

A cray fish, a preserved lamprey, and other specimens are part of the collection now on display in Room 18.

P. E.

Betta Chapman, Thelma Jenkins, and Lorraine Wehmeier were congratulated on passing their beginner's swimming test, last week.

The girls of the California Scholarship Federation have taken over a week to sell War Stamps and Bonds.

Those participating are: Helen Capps, Verna Moresco, Esther Hu-

a new boy to their class this week, Fred McCormick, who previously lived in Los Gatos.

Room 4 welcomed a new student to the class, Sheila Mentzer from San Francisco.

Mae Ellen Young, Room 2, spent the weekend with relatives in Oakland.

An exciting debate was held in Room 6 recently. The question was—"Resolved, that it would be better to live as primitive man did than to live in a big city."

Gerard Lorenzo, Kenneth Sanguinetti, and Richard Hysom spoke on the affirmative side. Beverly Appleton, Peggy Chamberlain, and Elizabeth Olson took the negative side.

After listening to many good arguments on both sides the class voted in favor of the negative side.

COUNCIL

(Continued from Page 1)
ter reports were heard.

Upon the motion of Councilman Lynch Resolution No. 846 was unanimously adopted, granting reduced water rates to those who raise vegetables in Victory Gardens for home consumption, this season. Notices to all water users will be sent out with the May 1 bills and deadline to apply for the special credit is July 1, 1944.

Those who wish to take advantage of the reduced rates must apply in writing to the water department after the garden is planted. A representative of the department will measure the garden and an allowance of 15c per 100 cubic feet of water used will be applied as a credit on the water bill of the next succeeding month or months until the credit is used up. No garden less than 100 square feet in size will be considered, nor will commercial gardens, nor those outside the city limits. The plan worked very successfully last year and is expected to act as an incentive for the home production of vegetables again this year.

Upon the motion of Councilman Howard McHugh Resolution No. 847 was adopted. It transferred a charge of \$10,003.60, cost of certificates recently purchased by the city, from the general fund to the post-war planning fund. This was a routine transfer of a bookkeeping nature.

After he had explained what circumstances moved the council to take decisive action, Councilman Lynch moved the adoption of Resolution No. 848, which declares the property at 233, 237, 239, 241, 243, 245, and 249 Los Olivos avenue to be a public nuisance and orders the building inspector of the city to notify the owner to reconstruct or raze the buildings in question in 30 days. The resolution provides that if the owner fails to abate the nuisance, the building inspector is to raze the structures. The owner had failed to appear at the April 10 and April 24 continued hearings on the matter.

In February, the council was asked to institute condemnation proceedings against residence properties at the addresses listed above by Health Officer Fred Collins following an investigation by himself, Building Inspector Bodien, OPA officials and the county housing inspector.

Screening for the dugout at Marchbank park was discussed and Bodien was to check if the city had any available.

When former Councilman Edmund Cavagnaro asked from the floor that an inventory of alien property in storage at the city hall be secured by the new council, Mayor Gaggero referred the matter to Police Chief Reardon who presented an itemized inventory. It revealed that two cameras, two guns, one rifle, and one automatic pistol were missing. These items were the property of enemy aliens taken into custody by the police at the time hostilities first broke out with Japan, Germany, and Italy.

The letter from the Five Township Clubs, which had been referred to new business when communications were read, was read once again by the city clerk. It was commented upon by both Gould and C. J. Pettigrew, representatives of the organization. Councilman Lynch invited the group to appear Wednesday night, April 26, before the police commission and chief to present their criticisms and suggestions. It was to be an informal hearing. However, Lynch agreed that if the matters which they had to discuss with the commission were of sufficient weight to necessitate it, he would bring it before a regular open meeting of the council.

Mayor Gaggero named his committees which are as follows (first named is chairman in each case): ordinance, Gaggero, Meritt, McHugh; library, McHugh, Dennis, Meritt; printing, Gaggero, Dennis, McHugh; streets, Dennis, Lynch, McHugh; water and light, McHugh, Gaggero, Lynch; fire, Meritt, Gaggero, Lynch; health, Dennis, McHugh, Meritt; parks, Gaggero, Dennis, Lynch; transportation, Lynch, Gaggero, McHugh, Dennis, Meritt; recreation, R. L. Crane Jr., James Ferguson, Mrs. Maizie Boyle, Mrs. Ann Eason, Bodien, Gaggero, Dennis, Meritt, Lynch, McHugh; publicity, Dennis, Gaggero, Meritt; building and city planning, Meritt, Gaggero, Lynch; finance, Meritt, Gaggero, Dennis; police, Lynch, McHugh, Dennis.

After the warrants were read and ordered paid, the April 24 meeting was adjourned upon motion of Councilman McHugh.

JUST HOW SAFE IS THAT COOKER?

Just how safe is your pressure cooker?

That's the question the Pacific Gas and Electric company would be happy to answer for local women, free of charge. Every Wednesday from 1 to 4 p. m., James B. Hughes, field representative, is at the Daly City office, 12 Wellington avenue, to test cookers with either dial-type or slide-type gauges.

The testing program began, last week, and will continue for approximately a month. Authorities point out that the safe canning of foods depends on the accuracy of the gauge.

MAKE YOUR Ration Points COUNT

It's true many of we Americans are experiencing for the first time, a shortage, or rather a limitation of some things we want to buy. We are allowed to purchase only a given quantity of meats during a stated period.

However, the limit is put on the amount of meat purchased, not on the amount of food value derived from the meat. Wise spending of ration points stretches their buying power.

Good quality meats, cut to your order, and sold at economical prices, will help solve your wartime food problems. And that's the prescription we fill at the Farmers Meat Company.
